**BIRDING IN SPAIN'S WILD WEST**

## **Between hills and water Biosphere Reserve Sierras de Bejar and Francia**

A morning or afternoon on the banks of the St. Teresa reservoir, at Salvatierra de Tormes. From the village, between fields, open woodland and Mediterranean scrub, we'll look out for Rock and Spanish sparrow, Iberian shrike, Serin, Great crested grebe, Black and Griffon vulture. In spring Black-eared wheatear, Turtle dove, Golden oriole, Hobby, Nightingale, Black kite, Short-toed eagle and Booted eagle.

In winter between November and February we'll watch the Cranes come in to roost at sunset.
