BIRDING IN SPAIN'S WILD WEST

Birds by the Riverside Biosphere Reserve Sierras de Bejar and Francia

A morning's birding around the village of Puente del Congosto, on the banks of the River Tormes. All year. Riparian woodland on one side and open woodland and Mediterranean scrub on the other, with the castle and bridge between, we'll look for a variety of birds such as Lesser spotted woodpecker, Short-toed treecreeper, Blue rockthrush, Crag martin, Serin, Iberian shrike, Griffon vulture, Black vulture and Golden eagle. In summer Golden oriole, Hobby, Nightingale, Black kite, Short-toed eagle and Booted eagle.
